Dear colleagues,

We are deeply sorry to hear about the passing away of professor Jaakko Hintikka. He was a real friend of our Institute and many times supported our initiatives, took part in our conferences. His works were translated and published in Russian, he is highly respected by Russian philosophers. He was the Foreign Member of Russian Academy of Sciences. He was a real philosopher and a real person, dealing with him was both an intellectual and usual humane pleasure. This loss is Immeasurable.

In our own name and on behalf of the Institute of Philosophy and all Russian philosophers,

Abdusalam Guseynov

Vladislav Lektorsky
